INFORMED CONSENT FOR PARTICIPATION IN RESEARCH ACTIVITIES

EXERCIPATION PLATFORE:

I am being asked to participate in a research study. The purpose of this study is to streamline part of the process of electrimination of access control policies. I am being asked to volunteer because I am a regular everyday user and the study wants to determine if it is feasible to use their methodology to capture my privacy policy. My involvement in this study will begin when I agree to participate and will continue until August 2017. About 100 persons will be mixed to participate.

when I spee to participate and wall commiss timin Anginat 2017. About 1010 persons wan be unrivited to participate and unrivited to participate and unrivited to participate in this study, I will be asked to install the MithrillAC app from the app's website sight time the study of the participate and the speed of the study of the speed of the

SISSS AND BENTALTS.

My participation in this shop does not involve any significant risks and I have been informed that any participation in this research will not benefit me personally, but the results will allow the researches to designs a methodology to create a person's preferred access control policy. Such a methodology does not exist at present and system administrators design them for
